

# UPDATE V2.3

## “PHP Social Microblogging”

By Miguel Vasquez

- Improved Dutch language by @specky
- Improved Turkish language by Caner Arı
- Added function to delete all messages
- Added registration form profile page, searches and static pages
- Added user statistics: Posts, Followers and Following in sidebar
- Fixed bug in update\_pass.php
- Live notifications for mentions and replies mentions on page "Interactions"
- Autocomplete ajax in adding posts and status page “Mentions Users”
- Attached zip archive files not to verify users' no-user-verify.zip "
- Bonus: Header Styles and Icons Verified

- / public / css / styles.css
- / public / ajax / get\_messages.php
- / public / ajax / delete\_messages.php
- / public / ajax / update\_pass.php
- / public / ajax / addPost.php
- / public / ajax / ajax.interactions.php
- / public / ajax / update\_pass.php
- / class\_ajax\_request / classAjax.php
- / public / js / login.sign.up.js
- / public / js / functions.js
- / views / index / index\_session\_null.phtml
- / views / index / index\_session.phtml
- / views / inc / advertising.php
- / views / inc / profile\_static.php
- / views / inc / header.php
- / views / user / profile.phtml
- / views / user / status.phtml
- / models / UserModel.php
- / controllers / pagesController.php

## Files News

- / public / ajax / delete\_all\_messages.php
- / public / ajax / mentions.php
- / public / js / mentions.js
- / views / pages / interactions.phtml
- / public / css / jquery-ui-1.8.2.custom.css
- / public / css / ui-bg\_highlight-soft\_75\_cccccc\_1x100.png
- / public / css / images <--Upload folder

## IMPORTANT

Open the File **“Table Interactions.txt”** and follow the steps

PS: If you have made changes to styles.css just copy the code to the end of file  
"where it says v2.3"

Thanks
